PROFESSIONAL OVERVIEW

Lead Infrastructure Cloud Architecture

Technology Infrastructure Leader with over a decade of experience in architecting, implementing, and managing on-premise, cloud, and OpenShift environments. My career has progressed from Cloud Consultant at IBM to Senior Cloud Architect at Red Hat, and I currently serve as the Lead Cloud Infrastructure Architect at IBM-Kyndryl. I bring extensive hands-on experience across the full lifecycle of cloud solution delivery, from initial design to production implementation and ongoing administration. I hold a Master's in Computer Science from the Washington, D.C. area.

SKILLS & COMPETENCIES

Professional	Adaptability; Active Listening; Attention to detail; Flexibility; Critical Thinking; Leadership; Multitasking; Problem Solving; Research; Setting Boundaries; Teamwork; Time Management; Written and Verbal Communication
Language	Arabic (Native); English (Fluent)

TECHNICAL SKILLS

Programming Languages	Python, Linux Scripting, HTML, CSS, JavaScript
Tools	LaTeX Editing, MS Visual Studio Coding, VirtualBox Vms Creation, DevOps tools such as ArgoCD, CI/CD Pipeline
Cloud Technologies	IBM Cloud, Oracle Cloud, Red Hat OpenStack Cloud, OpenShift, IBM Cloud Pak Components, AWS Services, Google Services, IBM Watson Services
Database Management	AWS S3 Storage, IBM Cloud Object Storage, IBM Fusion, MySQL, Microsoft Excel
Cloud Security and Monitoring tools	Prisma, Instana, Grafana, Dynatrace, ACS, ACM, Splunk, OKE GPU Oracle

EDUCATION

Master of Science in Computer Science <i>Catholic University of America - CUA</i> GPA: 3.85/4	Jan 2017 - Jan 2019 Washington, D.C., USA
Intensive Language and Culture Program <i>University of Alabama in Huntsville - UAH</i> - MSc Programming languages, C2 English Language	Aug 2016 - May 2017 Huntsville, AL, USA

EXPERIENCE SUMMARY

Technology Infrastructure Management	10 years
Technology Project Management	10 years
Technology Services Delivery	10 years
Technology Administration	11 years
Technology Software programming	15 years
Technology Architecture, design, and implementation	10 years
Technology Solution Architecture Demonstrating	10 years

WORK EXPERIENCE

Lead Infrastructure Cloud Architecture Aug 2023 – Present
IBM Kyndryl - Alrajhi Operation Center NRR
Service type: Managing Infrastructure Services Team
Position title: Lead Infrastructure Cloud Architecture
Riyadh, Saudi Arabia

Senior Cloud Architect Aug 2021 – Aug 2023
Red Hat - EMEA
Service type: Services Delivery Team
Position title: Senior Cloud Architect
Riyadh, Saudi Arabia

Cloud Consultant Aug 2019 – present
IBM - EMEA
Service type: Services Delivery Team
Position title: Cloud Consultant
Riyadh, Saudi Arabia

Data Scientist JAN 2015 – Aug 2019
Deloitte
Service type: Consultant team
Position title: Data Scientist
Riyadh, Saudi Arabia

WORKSHOPS & TRAINING

Delivered hands-on technical workshops on emerging technologies and development methodologies to upskill developers through knowledge sharing. 

OPERATIONAL & IMPLEMENTATION PROFICIENCY

Red Hat OpenShift	Design and Implementation of Openshift Infrastructure (3.x, 4.x)
Red Hat ODF	Design and Implementation of Openshift Data Foundation (4.x)
Red Hat ACM	Design and Implementation of ACM (4.x)
Red Hat ACS	Design and Implementation of ACS (4.x)
Ansible Tower	Design and Implementation of Ansible and Ansible Tower
Red Hat Satellite	Implementation of Red Hat Satellite

SKILLS DEVELOPMENT

Certificate Name	Organization	Location	Date	Status
IEEE (CAIDA) Appreciation	IEEE	In person	2020	Certified
IBM Academy of Technology Appreciation	IBM	In person	2020	Certified
Ministry of Interior (AbsherTHon) Appreciation	MOI	In person	2020	Certified
NLP Watson Build Your Own Chatbot	IBM	Virtual	2019	Certified
Call for Code Contributor	IBM	Virtual	2020	Certified
Deep Learning with TensorFlow	Cognitive Class	Virtual	2020	Certified
Machine Learning with Python	Cognitive Class	Virtual	2020	Certified
Accelerating Deep Learning with GPU	Cognitive Class	Virtual	2020	Certified
Cloud Pak for Data Executive	IBM	Virtual	2020	Certified
Oracle Cloud Infrastructure	Oracle	Virtual	2020	Certified
EX280 Red Hat Specialist in OpenShift Administration	Red Hat	Virtual	2021	Certified
EX180 Red Hat Specialist in Containers and Kubernetes	Red Hat	Virtual	2020	Certified
Saudi Architecture and planning Association.	SACM	In person	2018	Certified
Essential Skills for Successful Leaders	SACM	In person	2017	Certified

COMMUNITY VOLUNTEER IT PROJECTS

IBM Academy Call for Code Initiative 2020

Developed a COVID-19 Research Assistant Chatbot to extract insights from scientific literature using IBM Watson Discovery AI search engine, integrated with Watson Assistant. Project featured in a Medium blog post. [!\[\]\(cbe2492b119e39e02a1dab2af4a4b296_img.jpg\)](#)

IBM Clients Showcase 2020

Designed and developed a COVID-19 Visual Insights Personal Face Mask Detection system using IBM Cloud Annotation and Watson Machine Learning. [!\[\]\(3e2231b1ad3ca8da8658228c00dd08e0_img.jpg\)](#)

Ministry of Interior - MOI Absher THon - Hackathon Participated 2020

Designed and developed a real-time application to predict vehicle accident rates using computer vision methodologies. [!\[\]\(870f5d5e9c0d57485634be3ecf52f3ca_img.jpg\)](#)
